Thank you for selecting Furinno!

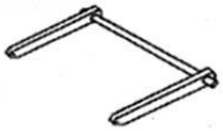

CARE INSTRUCTION:

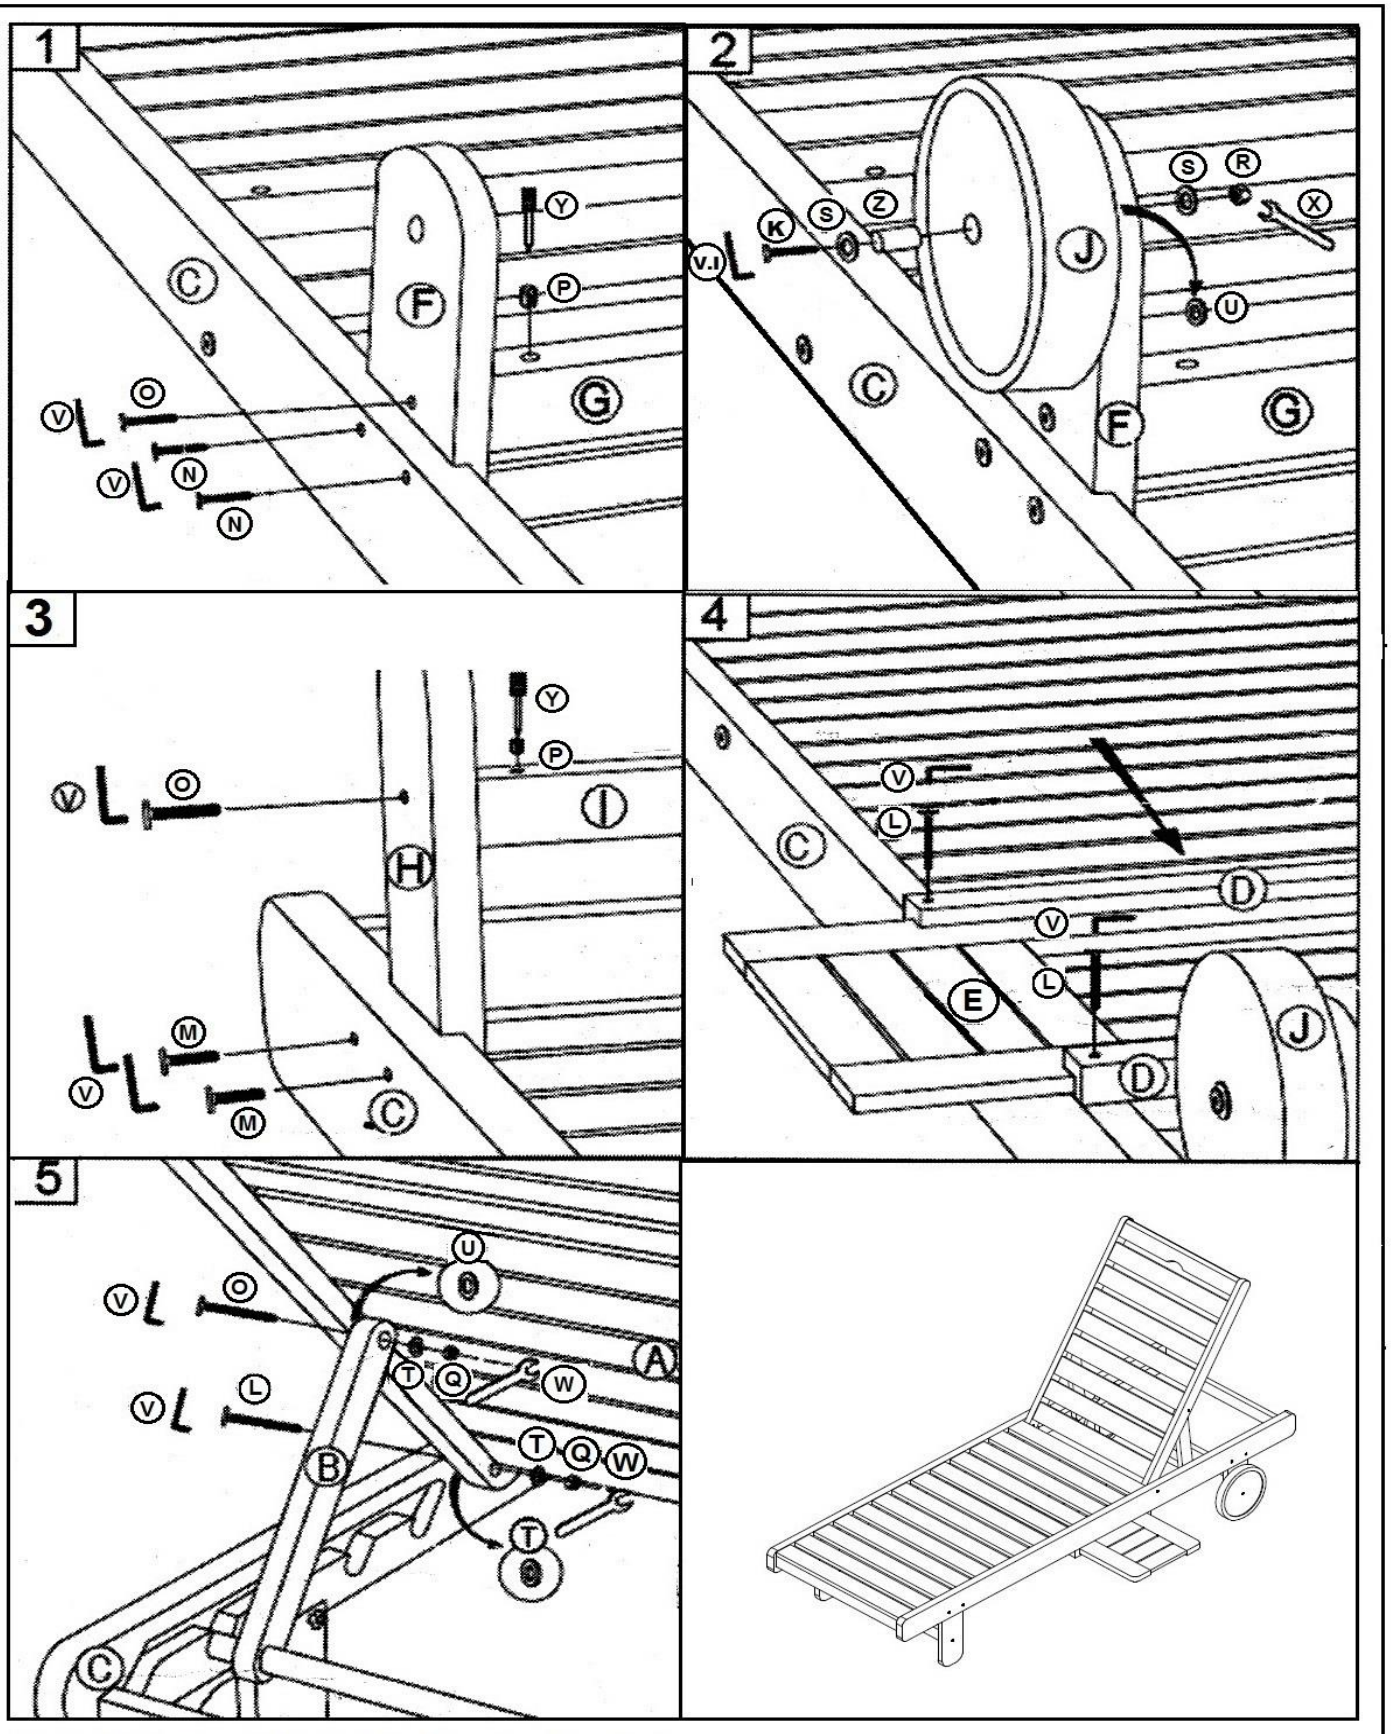

This Furniture was treated with teak oil at the factory. To maintain the original appearance, you need to treat with a suitable wood oil at least once a year. Left untreated, the wood will weather to a silvery grey.

As timber is a living product you may find that you need to periodically tighten any fittings.

Covering or stroring your furniture to protect it from ice and snow will keep it looking even better for even longer!
